**Rob Moore** I did not let up on them and contacted my bank to contest it and made a complaint to fraud squad. You need to threaten them then they eventually cave in.... Don't let them win

To everyone reading this on Facebook.

Ready Flowers wants you to believe, in their deception, to have consumers and everyone believe that they are dealing with a REAL company.

I highly suggest you read all reviews from "READY Flowers SCAM" before purchasing anything from this company. I know that they are advertised first on Google and many suggested posts on Facebook.

But do not get sucked into thinking they are a real company. THIS COMPANY DOES NOT EXIST. If your loved ones do plan to send you with gifts from this company, just an FYI THEY WILL NEVER ARRIVE.

You won't be able to contact them once you they have taken the money from your account. And lets face it, most of you will be never see or hear about those flowers or get your money back whatsoever.

Please share this page, let everyone know. Because the reviews given for this company (fair trading, Facebook, Google) is just revolting.

**Angie Wills** A friend of mine also ordered 2 dozen red roses to be sent to me via the USA just after newyears day. They debeted his creditcard. But they never arrived either. I had no idea he sent them as it was ment to be a surprise. But when he didnt hear from me. He knew they never arrived. People that rip other people off like this need to be delt with severely.
